

## Winter Holiday Party

We will have our Winter Holiday Party on Thursday, Dec. 20th from 10:00-11:00. I changed the time, so I can attend my daughter's party too. We will have a special lunch and activity in the classroom, so you don't need to pack a lunch for your child. If you would like to help with the party, please email me. Parents are invited to this event, so mark your calendar.

**Orange Groves' Annual LOVE Offering**  
The OGCS Student Council will be collecting the LOVE OFFERING from November 26th - December 14th

For those of you new to OGCS, the Love Offering is a collection from our families to give the unsung heroes of our school an extra holiday surprise.

Our cleaning crew, cafeteria workers and bus drivers are the recipients of our LOVE OFFERING.

-A sincere thank you from Student Council

We are asking that each family please send your OFFERING in an envelope labeled "love offering" and we will help spread some holiday cheer.

### Important Dates

**12/4 Pictures with Santa**— If you pre paid for these pictures. Your child may wear style day clothes. We aren't accepting any more orders.

**12/6 Junie B. Jones**— Dress your best for the theater. No uniforms this day.

**12/8 Holiday Shop**—This is our day to shop at the school holiday shop. If you would like your child to participate please send in the correct change and a list. We only have 30 minutes and it is very overwhelming if the students don't know who they are buying for and how much money they have.

**12/19 PJ Day**

## What's Going On in K7?

### Reading: Jan Brett Author Study

- I can sequence the events in a story.
- I can identify the setting, characters, problem & solution.
- I can compare & contrast stories.

### Letter Study: "Kk"

- I can make the "k" sound like in king.
- I can identify words that begin with "k".

### Sight Words: big, for, come

- I can read and write sight words.

### Math: Subtraction

- I can model subtraction by drawing a picture and crossing off to find the difference.
- I can decompose numbers 5-10
  - 5 is made of 2 & 3, 4 & 1, 5 & 0

### Science & Writing

- I can identify the weather and make predictions.
- I can identify the 4 seasons and how the weather effects plants, animals and humans.
- I can conduct experiments, make predictions and share my results with others.
