**April 5th– 3D Shape Show & Tell**

**April 9th– In School Field Trip. Mr. Al is coming to the Grove!**

### 3D SHAPE SHOW & TELL

Look for examples of the following shapes around your house and bring them in on Friday for Show & Tell. Don't forget you can look in magazines, online or even make one. Happy Hunting!

- Sphere
- Cone
- Cube
- Cylinder

### What's Going On in K7?

#### Reading- Fiction or Non Fiction

- I can identify how fiction & non fiction texts are alike and how they are different.
- I can count, pronounce, blend and segment syllables in words.

#### Letter Study & Handwriting

- I can make the "short a" sound like in hat.
- I can sort words based on short or long vowel (cap/cape).
- I can identify vowels and consonants.
- I can form capital A & S

#### Sight Words: find & yellow

- I can read and write sight words.
- Please practice the list of words in your child's binder.

#### Math: Shapes

- I can sort shapes based on flat (2D) or solid (3D)
- I can identify the following solid shapes: cone, sphere, cube, cylinder.
- I can find solid shapes in the real world.
- I draw the following shapes: circle, triangle, square, rectangle, hexagon.
- I can make shapes out of other shapes
- 2 trapezoids= hexagon
- 2 triangles= rhombus
- 2 squares= rectangle
- 3 triangles= trapezoid
